

Honors Anatomy and Physiology Summer Assignment

A&P is a fast-paced class and we will start learning the first day of class. Each student will need pens, paper, a set of colored pencils and surgical gloves for dissections. Students may choose to bring old shirts or scrub tops to wear under aprons.

**There is a workbook for this class that is strongly recommended, but not required. The Anatomy and Physiology Coloring Workbook by Marieb, any edition, is available online and can be purchased over the summer at a discounted price.

If you have any questions, please email Le'ah Dornak at ldornak@dickinsonisd.org.
