## Nurse News

If your student has a medical condition that requires medication while at school, please reach out to the school nurse. All medication, prescription and non-prescription, must have physician and parent consent in order to be kept/administered at school. All medication consent forms and action plans can be found on the district website on the Health Services page.

**No School on  
Monday, 9/2/24**

## ★ Car Rider Line

We know that the car rider line is long, and we appreciate your patience.

In the mornings for drop off, please form one line that merges to the right as soon as you enter the school's driveway from 517. When your light is red, please allow people coming from each direction to merge as they enter the driveway, so they do not block the intersection.

For pick-up in the afternoons, please form two lines once you enter the driveway from 517. These two lines will merge into one as you approach the front of the school.

We ask that all parents stay in the line to drop off/pick up at the curb in front of the school. Please do not use the parking lot as a drop off location, unless you need to come to the office.

We will have staff members on duty outside until 8:35 am. After that time please walk your student into the office.

## ★ Front Office

The front office closes at 4:30 pm. Please leave a message and your call will be returned the next business day. If you have an immediate transportation question, please call the transportation department at 281-229-7300.

We will begin taking lunch reservations on 9/9.

## ★ Please Note

Dickinson ISD Principals will not accept telephone calls from parents changing students after-school transportation plans. Because telephone callers cannot be identified by school personnel, only signed notes or personal visits from parents/guardians may authorize the school to change a student's after-school transportation. If there is a change, please send a note to your child's teacher or be at the school no later than 3:00 pm.
