Counselor News

Character Strong, character trait for the month of April:

We are excited to focus on Courage this month! One way to think about Courage is “choosing what is helpful, right, and kind even when it is hard or scary.” Courage is 1 of 3 traits we will focus on throughout the year that helps students Be Strong. Throughout the school, students will be developing skills like focusing, organizing, and goal-setting.

Review Courage as a family! Remember that Courage is choosing what is helpful, right, and kind – even when it’s hard or scary. What’s something that you’ve been afraid to discuss with your student? Something that might be difficult to explain about our community or the world. Chances are they will hear about it eventually and it may come from someone who is less informed or less supportive than you. Have a Courageous conversation with your student. It could be about bullying, the environment, uncertainty, etc. Remind them that love and support are 2 tools that we can use to practice Courage. Discuss as a family ways they can practice Courage around the issue you discuss.
