# COURSE DESCRIPTION

Algebra 2 students will review their knowledge of Linear Functions and Relations. They will broaden their knowledge of Quadratic and Polynomial Functions and Relations. They will also study Radical, Exponential, Logarithmic and Rational Functions and Relations.

## EXPECTATION FOR SUCCESS

Students should take advantage of all possible resources to ensure their success in Algebra 2. These resources include but are not limited to: technology, classroom materials, assignments, videos, and tutoring.

- Be present every day.
- If you are absent, it is YOUR RESPONSIBILITY to make-up all work as soon as possible.
- Ask questions! Come to tutorials and/or watch videos for help as needed
- Participate in class and complete all the work that is assigned.
- Follow the rules and expectations of Dickinson High School, as I will be following and upholding them in my classroom! (Electronics, dress code, tardiness, etc.)

- Be respectful of everyone while in class.

## 9 WEEK GRADING

**Formative: 50%**

Homework due dates will be assigned by the teacher.

Quizzes/CFA's will be administered each unit. There are no corrections or retakes for quizzes.

**Summative: 50%**

(Unit tests, projects, and finals)

Tests are given a minimum of three times per grading period—9 wks. Students will be assigned a review for each unit. It is the student's responsibility to complete it prior to the test. A video of the review will be available in Schoology. Completion of reviews help ensure success on tests!
